**Goals For My Care:**

People see Chiropractors for a variety of reasons. Some go for Relief Care, to address their symptom, disease, or condition. Some go to Correct/Stabilize the cause of their symptom, disease, or condition. And some choose Wellness Care, so they can prevent future problems and maximize their health and well-being. Your Doctor will make optimal recommendations, based on your health and what your body needs.

We would like to know what your goals are.

- Relief Care** – Treatment designed to address an obvious symptom, disease, or condition
- Stabilization Care** – Continue with the care necessary to fully heal soft tissues and muscles
- Wellness Care** – Non-symptomatic or maintenance care, designed to maximize optimum spinal and nervous system function and help prevent disease.
